03-August-2009

It's Monday, or MOO-day and freshman initiation day. Every time Matt or Dan said "Hustle-Bunny" or "Do the formation one more time", the freshmen were required to moo. In honor of this event many of the freshmen donned black cows noses. The girls from cabin 1 also put up a MOO sign. The boys from Cabin 21 swiftly and quietly appropriated the sign before the morning was out.

Things are progressing so well with 60% of the drill done that the pits were incorporated into the evening rehearsals – This normally does not occur until later in the week. Spirit Award winners for Monday go to Jim Mitchell and Staci Buster.
